January 1, 1933.

Hello dear Flower Grower,

Again we are before a new season of planting; and now is the time to select your Honor Roll Dahlia tubers, at prices so low, that my limited stock will soon be disposed of.

I am not a commercial grower, but grow dahlias as a hobby, on a large scale, in order to reach as many small growers as possible, to enable them to grow fine blooms for their local Flower Exhibitions.

Don't ask for wholesale prices or discounts. I sell no green plants.

Tubers are certified by the Agent of U. S. Agricultural Department, when necessary, but customers would do well to inform themselves of their State regulation, regarding Corn borers and Japanese beetle quarantine, as the U. S. Department has revoked the Federal Quarantine (No. 43) and therefore every State will issue their own restrictions, according to which I will send orders, keeping within the rules and regulations. I expect to be fully posted as to any further changes.

Tubers true to name & satisfaction guaranteed. Orders are well packed and postpaid. Minimum order \$1.00. Shipment any time after March 1st. Order early as stock is limited.

Thanking you for your past patronage, and awaiting your future orders,

Yours very truly,

**ROBERT F. HAUSSENER.**
